Education		
	College of Engineering – Needham, MA or of Science in Electrical and Computer Engineering	May 2018
■ The Hotchkiss Sch High School — Introduction t	ool – Lakeville, CT o Algorithms (MIT online), Linear Algebra, Discrete Matl	May 2014
 Performing us 	– Dardenne Prairie, MO ser research and designing UI/UX for current projects ogic flow for mobile application	Summer 2015 – Present
	gineering – IT Technician – Needham, MA ng and resolving software and hardware problems with	Fall 2014 – Spring 2015 computers
Investigated IDeveloped Cmultiple RaspPerformed res	arch Center – SCaN Intern – Cleveland, OH Delay/Disruption Tolerant Networking (DTN) application program that collected Bluetooth connectivity opportu- berry Pi's, which will be used to test DTN algorithms bearch on mathematical assumptions pertinent to deep sp. Integrated RF and Optical Communications (iROC) projections	inity data between ace laser communi-
Involved in deWorked on in	UConn – Intern – Storrs, CT eveloping buoyancy and propulsion systems for AUV proplementing L1 adaptive control theory in quadcopter and dobstacle avoidance	
Eastern ConnectionAssisted with	at State University – IT Intern – Willimantic, CT router and switch setup and configuration, worked on ser ripts, and developed images using Microsoft SCCM 2012	Summer 2012 ver installation and
	n Software Design that created Kyzr, a virtual torch pass: lroid phones; designed and implemented the Flask back	
■ Built a theremin for	· Introduction to Sensors, Instrumentation and Measuren onic transducers, op-amp and RC circuits, and an Arduin	
 Researched underwater ROV design and constructed, debugged, and tested an OpenROV for the Hotchkiss School Science Department 		
	ience Club's Arduino-controlled radiator cover project, wount of energy wasted from over-heating dorm rooms	which Fall 2012 – Spring 2014
■ Reproduced a versi	on of the classic Pong game in Java	Spring 2013
Technical Skills		
Languages:	Python, Java, C, Javascript, HTML, CSS, and Power	rshell
■ Programs:	MATLAB, LATEX, GitHub, Sibelius 7, and FL Studio	
■ Hardware:	Analog Discovery USB Oscilloscope, soldering, an	d DSLRs
Leadership and Act	vities	
■ Research of Electric	Vehicles at Olin (REVO)	2015 – present
■ Ink, Inc. (screen pr	nting club) – co-founder, officer: 2015	2015 – present
■ PowerChords (aud	tioned mixed-gender a cappella group) – assistant music a	director: 2015 2014 – present
■ Science Club – head		2010 – 2014

2010 - 2014

■ Varsity Cross Country – *captain*: 2014
